

Barley & Vegetable Soup Kits

Barley & Vegetable Soup is a mix of dried vegetables, spices, chicken flavored bouillon, and textured vegetable protein that is packaged and distributed by HarvestCall.

- *Barley & Vegetable Soup is very nutritious and economical.
- *Textured Vegetable Protein is used as a meat substitute and when cooked is very similar to chicken. It also provides a good source of protein for the diet.
- *Barley & Vegetable Soup is widely accepted by different cultures.

The Fairbury HarvestCall Distribution Center assembles kits that can be sent to any church for a local HarvestCall work project. The kits include all the ingredients, bags, labels and instructions to make 1,000 (6-serving) packages of soup. Custom-sized kits can be made per request. Each kit will include the following ingredients:

- * Barley
- * Textured Vegetable Protein
- * Chicken-Flavored Bouillon
- * Spice Blend (Celery, Onions, Garlic Salt)
- * Dried Vegetable Blend (Potatoes, Carrots, Peas)
- * Rice
- * Bags and Labels
- * Boxes or Buckets (if needed)
- * Instruction sheet on making soup packages

Items you will need to package the soup:

- *Measuring cups
- *Funnels (sample funnels available at Fairbury Center)
- *Impulse heat sealer (sealers available for purchase or use)
- *Willing helpers! (Group of 15-20 people can usually package 1,000 packages in 1 ½ hrs.)

Distribution Methods:

- *Completed kits can be distributed to local food pantries, homeless shelters or soup kitchens. \$425.00 for 1000 pkts
- *Completed kits can be returned to Fairbury HarvestCall Distribution Center for Distribution.
