Comforter kits continue to be a popular item at our sewing centers in Romania, Moldova, and Ukraine. The ladies enjoy a variety of colors and prints in the kits. Kit items can be put in drawstring bags (very useful because the ladies carry bags wherever they go), or in plastic bags tied shut. A suggestion for homemade drawstring bags is to sew or appliqué a nice design on the front of the bag.

Put all the kits into a large box or bag. Label each box/ bag with the amount of kits inside. The kits can be dropped off at any CAM location, or mailed to our warehouse in PA. (Attn: Shipping Department; Christian Aid Ministries, 2412 Division Highway; Ephrata, PA 17522-9310; Phone: 717-354-2434).

In a separate envelope, please send \$2.50 per kit to the Ohio office (PO Box 360, Berlin, OH 44610) for shipping and distribution costs.

Thanks!
