

Ten Minute Diaper Directions

1. Cut or tear fabric (flannel, birdseye, cotton knit) to 18"x 40"

2. Lay fabric flat and fold short ends in 5"

3. Fold each end in again 8 1/2" - 9" overlapping the 5" folds in the center of the diaper. Now you have a 12"x18" rectangle with 5 layers of fabric in the center and two layers on the edges.

4. Sew down each side of the 5 layer center soaker with a wide zig zag stitch to hold it in place.

5. Serge the top and bottom of the diaper.

6. Add 2 - 28" long twill tape ties 3" apart on the top of the diaper. All done!
